

The Tailor-made Scheme

Whilst it may be easiest to select prepaid funeral arrangements from one of the three price levels specified, there will always be occasions when requirements need to be geared to the particular wishes of an individual. Burials come into this category because of the diverse fees involved, as do cremations involving specific non-standard requests.

The tailor-made scheme can accommodate any of these particular requirements. Calculating the cost of the arrangements can be complicated but once we are aware of your wishes we shall readily produce a figure for your consideration.
